Life is an incomplete circle waiting for that man in the
distant future to complete it..

Third Edition

Introduction:

This is the 3rd edition of the Book of Terahadin, a compilation of spiritual poetries, philosophies, and prophecies. Just like the previous edition, I have revised and added some verses to better capture the Will of the Divine.

I present this work to all men of God, near and far, especially to my son, Terahadin, so that he won't number with the beasts and the ignorant of this world.

I believe true messages are repeated over time in various forms and eloquences; therefore, the similarities of the verses contained in this Book with other divine works are to be expected and to be credited to the great “poets” – alive or dead or simply immortal through their works – who firstly introduced the messages.
