# *Preface*

*Light, Playful Thoughts  
Take'm with a grain of salt*

# 1. They Were Sent From Heaven

*“How lovely they are. I wish the ex owners to know how wrong they were to get rid of Hansel und Gretel and left them somewhere neglected, almost starving on the road.*

*They were sent from heaven and Gretel has now returned.”*

*So said si Upik sadly about her doggies, though she couldn't read nor write poetry.*

## 2. On Being Free

*How happy and free is the mother  
duck with her lovely ducklings  
resting in the shade beneath an only  
tree*

*but freer, is the julung-julung baby  
fish in the sawah water,*

*almost infinitely free,  
so free, unconscious of time,  
place and worries.*

### *3. Would You Like To Punish Me?*

*“Would you like to punish me for all  
the wrongs I did to you?”*

*How many kisses do you want?”*
